HALIFAX UNIVERSITIES career fair

Celebrating 25 YEARS of connecting NS university students with employers.
The **Halifax Universities Career Fair** provides opportunities for businesses of all sizes, non-profit organizations, government agencies, and educational institutions to access the vast array of talent available within the student and recent graduate population of Nova Scotia. While the fair is a partnership between three of the largest institutions in our region, Saint Mary’s University, Mount Saint Vincent University, and Dalhousie University, students from all 10 universities in Nova Scotia are invited and encouraged to attend.

Halifax is a vibrant city teeming with engaged and passionate students that serve as the economic and cultural hub of Nova Scotia. Halifax alone is home to six universities.

We are expecting over 150 employers to attend this year’s fair, and would like to offer you the opportunity to differentiate yourself from the competition through various sponsorship packages.

The Halifax Universities Career Fair is well-known for the high quality of students and recent graduates that it attracts, and we would like to offer you access to some of the best talent from around the world right here in Halifax.

As we move into a new recruitment season we look forward to working together with you to make this years event the very best. There are sponsorship opportunities available for all levels of support. Please contact us with any questions.

Yours Sincerely,

Donnie Jeffrey
